

Success of our students in the Inter-School Model United Nations Competition 2016 held at Calcutta Medical College

The Calcutta Medical College, Kolkata, hosted their first Inter-Model United Nations conference on 8th, 9th and 10th September respectively. They are the first Medical College in eastern India to do so. Our school, **Sri Aurobindo Institute of Education** participated in this MUN for the first time. Despite being first time Munnners, the students did brilliantly. The participants showcased their diplomatic and debating skills in a very effective manner and won laurels for the school.

Upamanyu Chatterjee, was awarded a verbal mention in UNGA – DISEC and was also awarded '**Best Campus Ambassador**' at the school level. The school was awarded '**Best Delegation at the School Level**' for their overall performance at the CMC-MUN.

It was indeed a moment of great honour for the delegates and the school as well.
